KGOP Chair Kelly Sackett calls on MI GOP House Counsel to Resign:

The Kalamazoo County Republican Party strongly condemns the comments made by the MIGOP in house counsel Dan Hartman in a recent online interview. In the interview, Hartman stated, “It’s crazy, as Christians, that we’ve allowed any other voice but a Christian voice into the marketplace of ideas.”

“The Kalamazoo County Republican Party’s mission is to engage and build relationships with voters of every race, color, religion and creed. Comments made by Mr. Hartman not only undermine the efforts in Kalamazoo County but make Michigan Republicans a laughing stock across the state and the country.

“This is not what our Republican Party stands for - we must meet voters where they are at by talking points about kitchen table issues,” said Kelly Sackett, Chairwoman of the Kalamazoo County Republican Party.

“Mr. Hartman should immediately apologize for his offensive remarks,
and **I call on him to resign.**”- Chairwoman Kelly Sackett
