Recording of Meetings Policy

Policy/Procedure

Purpose

The purpose of this policy is to set forth expectations regarding the recording of events, training classes, meetings, telephone calls, discussions or other conversations (herein collectively referred to as ‘meeting(s)’) at the KGOP, offsite at KGOP organized events, or via telephone or video conference (such as Zoom or Microsoft Teams) between members of our organization. The intent of this policy is to strike a balance between the legitimate uses of audio and video recordings, and concerns including compliance with the law, privacy, and protection of intellectual property.

Prohibited Activity

In an effort to comply with state and federal law, promote the freedom to share ideas and to respect the privacy of community members, the secret recording of meetings is prohibited. Members and volunteers are also prohibited from arranging for others to record meetings regardless of whether it is for work, educational or recreational related activities, unless specifically permitted under this policy. Neither can they knowingly receive or download recorded conversations, upload them to the internet, or otherwise share, transmit or publish such recordings except as permitted herein.

Consent to Record

There may be a legitimate or practical reason to create a recording of a KGOP meeting. When a legitimate reason exists, one must be knowledgeable about how to record meetings while remaining in compliance with this policy and relevant laws. When recording is to occur during any KGOP meeting, all parties must be notified prior to the event. This requirement applies to any recording method which results in any video and/or audio recording of the session, regardless of whether the recording is accomplished by a feature in a video conferencing application or by the use of another program or device. All request to record any meetings must be addressed to the chair. It is at the chairs discretion to authorize any such recordings.

Some meetings may include the presentation of copywritten works, such as a film or television show, under an applicable exception to copyright law. While the presentation of the material may be appropriate, duplication of copywritten works is a violation of the Digital Millennium Copyright Act when that duplication circumvents an access control (i.e. the encryption on a DVD). In order to avoid creating a prohibited duplication of the material, the portion of the meeting which exhibits the work should be excluded from the recording. However, the copywritten works in question may need to be provided to individuals in need of an accommodation in a different format or mode other than by virtue of a recording of the works.

Recordings must not to be posted on any public-facing internet page or shared with individuals or entities external not affiliated with Dickinson KGOP without the approval of the KGOP. Any violation of this policy will be considered a violation of KGOP policy and could result in disciplinary sanctions.

Data Retention

Unless specifically articulated in our [Records Management and Retention Policy](#) or in a more specific KGOP policy or procedure that the recording is an official KGOP record, recordings need not be maintained as an official record in accordance with our Records Management and Retention policy. Any questions regarding the need to maintain the recording should be addressed to the General Counsel.

Building Security

Surveillance cameras/equipment and software may be placed at KGOP facilities, property, or their leased facilities by authorized personnel to prevent or deter crimes, protect public safety, and to facilitate official KGOP investigations into criminal activities or violations of KGOP policy. Nothing in this policy should be read or understood to limit the ability of the Chair or their designee to obtain, review, maintain, and share these recordings in any way which, in their view, furthers a legitimate public safety or investigative purpose and does not otherwise conflict with applicable state or federal law.

Nothing in this policy should be understood to limit the ability of anyone to openly record a law enforcement officer in the performance of their official duties, subject to applicable state or federal law.

March 3, 2023

Dear Sabrina Pritchett-Evans

On Wednesday, March 1st, 2023 you attended a KGOP Emergency meeting for the Executive Committee, in your capacity as an Ex-Officio. You arrived and seated yourself in the main room with all the Executive Committee members. While the group was waiting for the beginning of the meeting, there was an announcement that there was to be no video recording or other type of recording, and was mentioned the no unauthorized recording signs on the entrance door, stating as such. There was a notice of the Non Recording policy on the main conference table, next to the sign in sheet, and available on the website of the KGOP.ORG.

At approximately 7:30 p.m., a Portage Police Officer arrived for an unrelated event, the removal of a non-member insisting on staying for the Private Closed Meeting. It is at this time you began to video record with your phone the exchange between the individual and the police officer. After you were warned several times that you were violating the established policy of the KGOP, within its office, you then asked permission of the individual if you could continue to record your video, which at the time you did continue to do.

It is at this point that you were told that this was private property, you were violating the policy of recording, which was noticed in various appropriate way – making you aware of your violation, you continued to record said video. You were asked to leave, at which time you sat down, and pretended to have stopped recording. You apparently continued to record, as you posted the video of both the officer interaction earlier, and the continuance of the Executive Committee meeting.

Later that evening, on a Telegram channel which you are a member, these videos were posted in edited form, again without authorization, and in violation of our policy, and without our permission. We would request you remove any and all online posts of videos or pictures from the meeting. Failure to do so may result in legal action taken against you.

Therefore, having been properly notified, and having been properly warned of your violation of the KGOP's policies, and continuing to perform the act against the KGOP prohibition of recording (of any type) policy without permission. Further, violating policies covering the organization and its property, and publishing said video recording on the internet in various means and channels of communication, without the permission of the KGOP in any form. You will no longer be allowed to attend and or participate in any and all activities, enter any properties of, engage with, and or be involved in any way with the KGOP in future.

RE: Second Notice

Dear Sabrina Pritchett-Evans

On Monday, March 13th, 2023 you violated the KGOP policies on unauthorized recording at KGOP facilities. Also, you trespassed, after receiving notice of no such access due to your previous violation(s) of KGOP policies.

Furthermore, the following events and or actions occurred:

- You were previously noticed as to violating KGOP policies.
- You trespassed private property by trying to enter the KGOP office.
- You violated the policy of no unauthorized recording on the KGOP premises.
- You were asked to leave and refused, requiring the Police to be present.
- You violated said policy in posting the video(s) on a Telegram channel and or the Internet.

We would request you remove any and all online posts of videos or pictures from the meeting. Failure to do so may result in legal action taken against you.

Therefore, having been properly notified, and having been properly warned of your violation of the KGOP's policies, and continuing to perform the act against the KGOP prohibition of recording (of any type) policy without permission. Further, violating policies covering the organization and its property, and publishing said video recording on the internet in various means and channels of communication, without the permission of the KGOP in any form. Hello Fellow Concerned KGOP Citizens,

Thank you for coming to the KGOP coffee this morning and to hear me speak on Precinct Delegates. We are attempting to build a Precinct Delegate force across our state to remove all RINOs and their useless pawns from party leadership at the county, district and state committee levels. THIS IS THE ONLY WAY to truly save our counties, states and country from the tyranny we see all around us! Learn more at precinctstrategy.com. The Michigan site is <http://www.miprecinctfirst.com> for resources, where you can look up your precinct, and to download an affidavit.

Who are these people who are you to judge?

Then what?

Telegram

This is where communications will take place amongst the PD's in our county. This **private** Telegram group was created to connect you with other PD's, so you can network with one another in our own Kalamazoo First Precinct Delegate force! You each have ability within the group to add other group members who you have properly vetted. (Remember because someone is nice, doesn't mean they are America First. Any existing RINOs, who get wind of your efforts will go into defense mode and put you in a recruitment race. These efforts are best done with no visibility, so are taken by surprise and easily removed.)

Here is the group link:

<https://t.me/joinchat/H0FNbhpxfw11MDMx>

Attached you will find a handout on What is a Precinct Delegate. I have my final trainings for the month of April. They are held at my house in Portage from 6:30-8:30 pm. They are Thursday, April 7th, Wednesday, April 13th or Monday, April 18th. Please note, you only have one spot. I can hold a spot

By registering today, you will be on the August 2022 ballot and be voted on to become officially a Republican Precinct Delegate. You need only one vote to be elected.

What is a Precinct Delegate?

- 1. We are not appointed or hired but ELECTED by our conservative voting Republican neighbors in each county of Michigan to SERVE and REPRESENT them. We are the BRIDGE between the voters in our neighborhoods and the Republican Party.**
- 2. Precinct Delegates are the BACKBONE of the Republican Party because we SET THE AGENDA for the Party. Precinct Delegates are extremely important to the conservative movement because we decide who will run the state party and who many of our nominees for statewide elections will be.**
- 3. A Precinct Delegate's role is to guide and hold the Republican Party accountable to being a party of conservative principles.**

Our VOICES are many. There are more than 4800 Precincts in 83 Counties in Michigan, each Precinct (neighborhood) with 1 or many more Precinct Delegates.

Precinct Delegates are perhaps one of the most important roles in politics. They are the first rung on the ladder of elected base members, for the two major political party organizations. They are closer to their community than any other elected official. If you want to help change the party, it is essential to change the mix of who are the Precinct Delegates. If we want an America First Republican Party, we need to change the mix of Precinct Delegates away from the establishment delegates to principled delegates.

who is to say

Precinct Delegates are elected in the August primary every two years. The numbers of delegates are allotted based on previous election history and by the Chair of the county party in each county in the state.
